Ancient Places People And Landscape

In Ancient Places, Jack Nisbet uncovers touchstones across the Pacific Northwest that reveal the symbiotic relationship of people and place in this corner of the world. From rural Oregon, where a controversy brewed over the provenance and ownership of a meteor, to the great floods 15,000 years ago that shaped what is now Washington. These are the genesis stories of a region.

Ancient Places: People and Landscape in the Emerging ...

In Ancient Places, author Jack Nisbet masterfully illuminates the lively chemistry that exists between people, their history, and the landscape of the Pacific Northwest. Through his copious research of the region's geology, natural ecosystems, cultural events, and people, Nisbet weaves compelling tales that give insight to this remarkable land.

7 Ancient Sites Some People Think Were Built by Aliens

A landscape is the visible features of an area of land, its landforms, and how they integrate with natural or man-made features. A landscape includes the physical elements of geophysically defined landforms such as (ice-capped) mountains, hills, water bodies such as rivers, lakes, ponds and the sea, living elements of land cover including indigenous vegetation, human elements including ...

Landscape - Wikipedia

Ancient people, living in harmony with the Earth and dependent upon its bounty for all their needs, had developed skills which modern people no longer use, cultivate or even recognize. Early settled people, like their nomadic hunter-gatherer ancestors, were sensitive to the natural creative energies of the Earth.

Ancient Babylonia - Geography

The geography of ancient Egypt was dominated, as is today, by the combination of lack of rainfall and the Nile River. The Greek historian Herodotus called Egypt the "gift of the Nile", since the kingdom owed its survival to the annual flooding of the Nile and the resulting depositing of fertile silt. The Nile River flows into the Mediterranean Sea, and there is a delta at the mouth.
