The reason we're running a lot of our own open source stacks is that getting anything officially approved has to go through multiple layers of bureaucracy and approvals. Getting approval to throw an open source project some money is likely to be even crazy (probably not a concept they ever imagined).

Red Roulette is a rags-to-riches autobiography of entrepreneur and real estate developer Desmond Shum. Born in Shanghai in 1968 and raised in Hong Kong, Shum describes how his humble upbringing - which came from the fact that his grandfather was marked as a member of the low-ranking "black category" in post-Communist Revolution China - galvanized his entrepreneurial spirit.

For me, 2021 was a very good year. First of all, I'm publishing a book on December 29 called Public Choice Theory and the Illusion of Grand Strategy: How Generals, Weapons Manufacturers, and Foreign Governments Shape American Foreign Policy. Yes, it's ridiculously priced, and this is because it was written back when I was an academic and that's the way the academic book market works.
