Cross-border insolvency (sometimes called international insolvency) regulates the treatment of financially distressed debtors where such debtors have assets or creditors in more than one country.

**Cross-border insolvency - Wikipedia**  
cross-border financial firms is to reduce reliance on (implicit or explicit) public support to institutions deemed “too big to fail.” The assumption, and reality, that some institutions are too big or too interconnected to fail has introduced additional risk and a greater likelihood of cross-border contagion into global finance.
