Aboveground Storage Tank Operator Handbook

Practical conservation has a large part to play. For example, the management of ancient woodland by coppicing lets in light which encourages an abundance of ground flora. It also provides 29 species of butterfly with the open sunny rides and glades they need to feed and breed in.

Why conserve? Reasons why we should look after our ...

Small mammals are charismatic animals, but often elusive. They are rarely seen as more than a passing glimpse of a small scurrying creature. Although sadly often viewed as pests, small mammals are an important part of our ecosystems. In this blog we will focus on some of the most common, native species of rodent and … Continue reading “The NHBS Guide to UK Small Mammal ...

Examples in the landscape include trees, shrubs, walls, fencing, lampposts, and pillars. The vertical plane is defined by building facades that create an outdoor hallway. The transition from the ground plane (defined by a lawn or walkway) to the vertical plane is created through the use of edging, ferns, and vines (Figure 19-10).
