Basically, beasts in 5e are animals and other natural creatures like insects. Wolves, deer, goats, spiders, cats, etc. These are all examples of beasts in D&D 5e. It's really as simple as that. Some beasts in 5e have abnormal abilities like the Nyxborn Lynx. But, for the most part, they're mundane, run-of-the-mill animals.

Gulliver's Travels recounts the story of Lemuel Gulliver, a practical-minded Englishman trained as a surgeon who takes to the seas when his business fails. In a deadpan first-person narrative that rarely shows any signs of self-reflection or deep emotional response, Gulliver narrates the adventures that befall him on these travels.
