Social work with groups represents a broad domain of direct social work practice (Garvin, Gutierrez & Galinskey, 2004). Social workers work with a variety of groups in all settings in which social work is practiced. While some have proposed that social work practice with groups reflects any and all groups within which social workers participate, other definitional parameters have been ...

Recent attention has initiated a critical examination of the role of systemic racism across all sectors of society. In response to this shift in national dialogue, graduate student groups at Teachers College, Columbia University, as well as those across the country, have partnered with faculty to highlight a strong need to increase anti-racism efforts within psychology training.
