As scientists continue to reinforce the severity of climate change, the potential disruption and financial implications have come to the forefront. Our paper presents key takeaways and industry perspectives from our client experience and a global survey, helping banks to integrate climate risks and opportunities within their organization and implement the TCFD's recommendations.

Climate risk and the financial impact - Oliver Wyman

We'll begin by telling you that, from the scriptural point of view, there are important limits to the value and significance of money. Money cannot be regarded as a measure of self-worth (Deuteronomy 8:16-18; Proverbs 22:2; Ephesians 2:10) or a reward for godly living (1 Corinthians 3:13-15; Hebrews 11).
