The old tranny that I have and I wish to mate with OM 615 has the number 115 270 12 01029336 stamped below the oil pan (no 722.xxx written on it; although I have taken it off a OM617). I hope "115" means that small merc with vertical square headlamps? In which case I guess its a small gear that should match the 615 engine.
