A complex is a core pattern of emotions, memories, perceptions, and wishes in the personal unconscious organized around a common theme, such as power or status. Primarily a psychoanalytic term, it is found extensively in the works of Carl Jung and Sigmund Freud.. An example of a complex would be as follows: if one had a leg amputated when one was a child, this would influence one's life in ...

...

Parts-work veterans often report one or more spiritual parts within or "nearby." Many meditative or sensitive people know of this One without parts work. This subself ("the Spirit within") gives wise, loving counsel at critical times if we get quiet and listen for its "still small voice." Some feel it is the voice or presence of a benign, loving Higher Power.
