Social Engineering: The Art of Psychological Warfare ...

Psychological warfare has very little to do with actual war. The costly destruction of life and resources should be the very last alternative. What you are really trying to do in the art of war is to get your enemy to defeat themselves by making them believe the fight is unwinnable or that they have already won by embracing your way of thinking.

Psychological warfare - Wikipedia

Psychological warfare, also called psywar, the use of propaganda against an enemy, supported by such military, economic, or political measures as may be required. Such propaganda is generally intended to demoralize the enemy, to break his will to fight or resist, and sometimes to render him favourably disposed to one's position.
