My car has a locked engine but I would like to replace it with a 2008 Scion tC engine but I want to know if the engine I'm buying is compatible with my car. Both engines have a (2AZ-FE) 2.4L engine and both have a fifth letter (E) in their VIN#. Here are the numbers to my car VIN#JTKDE3B73A0311785.

The Camry engines are considerably more expensive than the Scion TC engines. One example is a 6 month warranty, 62K mile Camry engine for 1300-1400; and a 6 month-1 year warranty 11K mile Scion engine for 850-1000. The Scion engines are better deals by a great margin, but there must
