Sorry there was not a place to review the PF15TL so I'll use this one as it is close to this older model. I bought this sub to add more slam to my Definitive Technology Pro-Cinema Pro Tower 400 system. I have always enjoyed this subwoofer. It blends very well with the rest of my Old Pro Tower 400 system and my newer BP2002TL system.

I am saying all of this to say the Defintive Technology makes I think the best subwoofers in the world. I have heard all of the others, but Definitive Technology especially the PF18TL and the PF15TL out performed all of the other powered subwoofers. There is not to many powered subwoofers that can reach down to 13 and 15Hz of deep bass power.
