Shimmerspell The Shimmer Trilogy 1

Shimmerspell is a lovely paranormal YA story about a girl who discovers that neither she, nor the world around her, is exactly as it seems. There's a little touch of romance, quite a bit of magic, and a few surprises along the way. I truly believe Spencer is a talented writer. Her descriptions of places such as the Isle of Mermen are outstanding.

Lore (The Shimmer Trilogy, #1.5) by Kimberly Spencer

Limerick is the second book in the Shimmer Trilogy, a novella book series that I find to be surprisingly addictive. Jensen had a lot of info dropped on her in book one and she went straight into the deep end of the reality of her life, that she is half Fae and her family isn't who they claim to be.

Since shimmer replaces blink, I checked to see if the 'cauterizing blink' artifact ability would work if you take this talent. It does work for both charges of shimmer, however the healing resets with each charge rather than extending the heal. For instance rank 1 of 'cauterizing blink' heals you for 5% health over 6 seconds (6 healing ticks in ...
