Scott Westerfeld

The last dynasty of the empire was founded by Manchus from Manchuria, who ruled in China from 1644 until the empire fell in 1911. It is said that China has always absorbed her conquerors. Until the Japanese invasion her conquerors have been barbarians who looked up to the higher civilization of China and eagerly adopted it.

In the visualization shown here we see the long-term global trend in natural disaster deaths. This shows the estimated annual number of deaths from disasters from 1900 onwards from the EMDAT International Disaster Database. 1. What we see is that in the early-to-mid 20th century, the annual death toll from disasters was high, often reaching over one million per year.
