Wormwood Forest A Natural History

Wormwood Forest describes Mary Mycio's visit to the Chernobyl "Zone of Alienation" ten years after the disastrous reactor meltdown (4/26/86). The Zone of Exclusion, or Alienation, initially a 30 km zone around the nuclear disaster, was subsequently expanded to 1,000 square miles in Ukraine, plus a separately administered zone in Belarus.

"Wormwood Forest" may well change the way you think about man's destructive impact on the world. As a book, it reads like the sequel to a book that gives detailed account of the accident itself Such as "Ablaze- the Story of Chernobyl" by Piers Paul Reid. My only minor frustration was the small number of B/W illustrations.
